

# DISTRICT CALENDAR

## **HOME INSTRUCTION**

Home instruction is provided by the Board of Education for students who, because of illness, must be absent from school for extended periods of time. Arrangements for such instruction can be made after consultation with the principal of the school.

## **REPORTING TO PARENTS**

Progress reports are issued in the middle of each marking period.

Report cards are issued four times per year (see calendar for specific dates).

Parent/Teacher conferences are conducted once a year. Parents will be contacted and appointments scheduled. Evening conferences will be announced.

Parents are always welcome and are urged to come to school to consult with the principal and teachers regarding their child's progress. Parents are asked to call the school and make an appointment in advance of their visit.

## **SCHOOL HEALTH SERVICES**

The Hasbrouck Heights School System is pleased to continue an ambitious Health Screening Program. The purpose is to identify potential health problems. Information or concerns should be shared with the school nurse. All communication will be held in strict confidence.

All new students and those in 3rd, 7th and 10th grades are required to have a physical examination. All athletes and cheerleaders are required to have a physical examination yearly for participation in the activity of their choice.

Height, weight, and vision screenings are provided at all grade levels. Audiometric screening is also provided at 1st, 4th, 8th and 10th grades as the need arises. Scoliosis screening is provided in 5th-12th grades.

Nurses or other designated personnel will administer first aid in cases of injury. Parents are notified if injury is serious.

State guidelines for T.B. screening require that students from out of country, out of state or in certain towns/grades in New Jersey be Mantoux (T.B.) tested.

All newly hired employees must be Mantoux tested and have a physical examination.

Immunization against Measles, Mumps and Rubella vaccination must have been administered after the first birthday. In cases of Chicken Pox or other similar diseases, the students must remain at home until lesions are healed and dry.

According to Board Policy, the administration of prescribed medication to a student during school hours will be permitted only when failure to take such medication would jeopardize the health of the student or the student would not be able to attend school if the medicine was not made available during school hours. Nurses will provide necessary forms for physician and parent documentation. Medication may be administered by the school nurse or parent (guardian) **ONLY**.
