64 UCC inspections were done during the past month with 48 passing on the first inspection. This is only a 75% passing rate. The majority reason for failure was that the job was not ready for inspection. Contractors should call to cancel if they realize that they are not ready for inspection so the inspectors can go to where they are really needed. The property maintenance inspector continues to call on those who are not maintaining their property to remind them to bring their property up to code. Once again we are reminding residents of Ordinance 236.6 which states that sidewalks must be cleared of snow within 12 hours of daylight after snow has stopped falling. No warnings have to be issued prior to a summons being issued for this offense. It should be noted that you may receive multiple summons for the same snowfall – i.e. if snow isn't shoveled after the first 12 hour period and the inspector or police officer returns the

The Jet-Vac truck was sent out for repair to have the pump rebuilt.

During the month of January Several water main leaks were reported to Suez/United Water as the leaks were creating an icing hazard. The DPW salted and removed all ice until the Water Company was able to respond.

Seven tons of asphalt was used for pothole repair this month.

Snow storm of January 23: On Saturday early morning, snow began to fall on our Borough and continued for 22 hours bringing 26 inches of snow. All available DPW staff and equipment battled the storm while working in serve winds and white out conditions. Several pieces of equipment failed including the two new Terrastar Trucks which were sent back to the dealership. Salt Spreader Truck # 208 had blown hydraulic lines, several broken tire chains, and snow blower pull cords snapped. All equipment is on the mend. At the Police Memorial, lights were replaced and the seasonal water meter was removed by Suez/United Water. They informed the DPW that it is no longer acceptable to have the backflow prevention valve beneath the ground where it currently is even if it is in an enclosed valve box. MAYOR'S REPORT:

Mayor DeLorenzo began by saying that it has been an exciting and busy month. He thanked all who assisted him especially the members of the Council and Borough employees for their support. He briefly mentioned some of the meetings and events that have taken place this month.

Councilman Traina and he attended the New Jersey League of Municipalities training for newly elected officials which both found very informative. He and his wife Tammy also attended the Fire Department Installation Dinner, he thanked Chief Hayes for that invitation. Councilwoman Buckman and he attended the January Chamber of Commerce meeting. It was his intention to let the business community in Hasbrouck Heights know that we are here to work with them. He thought that meeting was very productive. Commissioners Lipari, Traina and he attended the DARE ceremony, which is a favorite of his, to see the teachers, principals, Superintendent, Board of Education members, students and their families, the Police Department, Mayor and Councilmembers all there together to celebrate our fifth graders pledging to stay away

BOROUGH OF HASBROUCK HEIGHTS – MINUTES - January 26, 2016

MAYOR'S REPORT (cont'd): from drugs. He also congratulated Sgt. Baker and the fifth grade teachers and their students on another successful year in DARE. He attended the PTA Anti Drug Rallies at Lincoln and Euclid Schools. Councilwoman Buckman mentioned the Library Board meeting, he attended that with the other Trustees and learned quite a bit of how the Library operates behind the scenes. Director Mimi Hui put together a very nice power point detailing the highlights of 2015.

He knows a topic of conversation has been Franklin Avenue and Route 17 drainage. He contacted Senator Bob Gordon and asked to have a meeting with him and described our position to his assistant and she will have him get back to the Mayor.

The Bergen County Executive held a breakfast at MetLife Stadium which he attended discussing economic development in Bergen County. MetLife Stadium hosted more events than any other stadium in 2015. Two separate panels were held and they explained the resources available from the State and County and the Meadowlands Regional Chamber of Commerce was there and how we could benefit by soliciting business from those attending the events at the Stadium. He will follow up with these people and pass information along to our Chamber of Commerce.

He said we have several committees that have met and there are several others who are reorganizing and will be meeting in early February. Hopefully we will have more reports on those next month.

MISCELLANEOUS FROM PUBLIC:

Mayor DeLorenzo requested a motion to open the meeting to the public which was made by Councilman Lipari, seconded by Councilman DiPisa, and unanimously carried.

Chris Peters, 231 Bell Avenue, came with three other parents from Hasbrouck Heights. She said they represent many more parents who are parents of children with developmental or intellectual disabilities. They have a lifelong journey of taking care of adult children with special needs, dealing with DDD, it is very confusing to get support and services they need, but especially housing. It is being addressed in many other towns and what they were formally asking was to begin a dialog to possibly look into options that are out there that are being done in other towns in Bergen and throughout the State and if any of them could be replicated in Hasbrouck Heights. She said they were lucky to have in Bergen County the United Way, led by Tom Toronto who has made it his mission to build housing specifically for adults with special needs including various types of housing, 24/7 care, to supportive housing where people come and go and work to independent safe and secure living. She noted Tenafly recently opened, River Edge is building some, there are two in Allendale. She said Toronto had other ideas besides building. She said they won't be around to take care of them forever, if you don't have housing arranged, the State can then come in and put that person anywhere they want in the State and you have no say. It is challenging and worrisome. She brought the presentation (which she circulated to the Mayor and Council) that Mr. Toronto does with his information and samples of the types of housing he is proposing in Bergen County. She asked if the Mayor and Council would consider having him come to give a presentation.

BOROUGH OF HASBROUCK HEIGHTS – MINUTES - January 26, 2016

MISCELLANEOUS FROM PUBLIC (cont'd): Mayor DeLorenzo said we certainly willing to listen and asked Councilwoman Link if this had come up at the CAAFA committee, which she said Mrs. Peters had. He said they will look at the information, maybe contact some of the places and get in touch with her.

John Hale, 117 Prospect Street, said he loves Heights and wants to stay here. John asked when Woodland Park will be redone. Mayor DeLorenzo asked Councilman Traina who said it was brought up at the Recreation meeting the previous night. He will be calling the borough engineer the next day and try to get it out to bid, with optimistically done before the Recreation program in June.

Joey Peters, 231 Bell Avenue, said he has been here in Hasbrouck Heights all his life and wants to stay here in Hasbrouck Heights forever.

There being no one else coming forward, Mayor DeLorenzo asked for a motion to close the public portion which was made by Councilman DiPisa, seconded by Councilman Gonzalez, and unanimously carried.

ADJOURN:

There being no other business to come before the governing body, at 9:00 p.m., Mayor DeLorenzo requested a motion to adjourn which was made by Councilman Gonzalez, seconded by Councilman Traina, and unanimously carried.

I, ROSE MARIE SEES, Borough Clerk of the Borough of Hasbrouck Heights, do hereby certify that the foregoing Minutes are to the best of my knowledge a true account of the Regular Meeting held on January 26, 2016.
